

Summer savings

POWER
RUSH HOUR®

Remember to shift and save!

Want to keep summer bills steady? Shift your energy use by doing laundry before 2 p.m. or after 7 p.m. to avoid peak times and beat Power Rush Hour®. Then, follow our energy-saving tips on the back of this sheet to help save energy all summer long.

Learn more at pec.coop/power-rush-hour.

SHIFT

Avoid using energy between 2-7 p.m.

Run dishes after
7 p.m.

Precool your
home before 2 p.m.

Wash laundry
outside of peak times

SAVE

Conserve energy all summer

Use cold water

Set thermostat to
78 degrees or higher

Use a fan only
when a room is
occupied
