

Meet a Lineworker

Pedernales Electric Cooperative, or PEC, is happy to provide you with information about the linework career.

View the **Meet a Lineworker video** and answer the following questions. Then, visit pec.coop/EmpowerU for more learning fun.

What is a lineworker?

What tools does a lineworker use?

We learned rubber is a good insulator of electricity. An insulator is something that does not allow electricity to flow through it easily. The rubber gloves the lineworker wears protects them and their body. Can you circle the other items below that are also good insulators of electricity?

Glass

Water

Paper

What one, new thing did you learn about a lineworker?

Describe one way you practice safety around electricity?
