The Records sought to be inspected include information relating to the location, appraisal, lease, purchase, sale, or condemnation of real property, until the announcement of the project or the formal award of contracts for the property, with details of any such transaction to be publicly available upon public filing of instruments.
- 3.1.4. Personnel Subject Matters. The Records sought to be inspected include personnel information the disclosure of which would violate the law or constitute a clearly unwarranted invasion of personal privacy, including, without limitation, salaries and compensation of any at-will employee except as required by law to be publicly reported.
